

## 'Dear Johnny—Yours Is The Greatest Country In The World—Dad'

Last year an employee in the South Charleston, W. Va., plant of Carbide and Carbon Chemicals Company, B. V. Altizer, won a top Freedoms Foundation award for a "Letter To A Newborn Son." It was published in The Carbide News, monthly magazine of the Company, and the thoughts expressed are so worthy of repetition not only on this coming Independence Day but throughout the year, that The Bulletin is printing it in full. Here is the letter:

\* \* \* \* \*

Dear Johnny:

Your old man hardly knows how to begin, kid, but any young guy like you—just starting out in life, should be a little hep to just how the country in which he is born stacks up against some of the others. Right off the bat, nubbin, we don't hesitate to tell you that yours is the greatest country in the world. It just didn't happen overnight but long years of suffering, bloodshed, fighting, integrity and plain downright guts, by American people before you, have made a path that will be a little less rocky for little guys like you who have just arrived here.

About six years from now you'll start school. You'll be taught to know about fellows like Washington, Jefferson, Hamilton and many others who laid the groundwork so the rest of us could be free. Yes, FREEDOM from want and fear. Hale, Henry, Revere, heroes all, who didn't like the people treading on their toes. You'll read about Lincoln, who thought also that all men should be free. You'll be taught to "pledge allegiance to the flag," and to your God and your COUNTRY, not to some mustachioed nincompoop who believes, not in sharing equally, but taking whatever he deems necessary to accomplish his unholy schemes. Instead of being put into some glorified youth movement and learning to be a soldier taught to kill, you can join the Boy Scouts. Instead of learning the "goosestep" you can go fishing with your dad, play baseball and eat popcorn in the movies. A little later you can join any political party you wish without the threat of having to work in a salt mine. You can work where you please and probably gripe about your taxes, but down deep you'll know you're getting your money's worth. Yeah, kid, there is

Pershing, York and Rickenbacker, who had what it takes. Yep, and Patton, Kelley, Eisenhower, Roosevelt, MacArthur and lots of just plain American Joes who beat the tar out of an enemy who had the idea we were soft, but never lived to prove it.

Listen, kid, Babe Ruth is a greater hero than Von Runstedt ever was. Jack Dempsey and Joe Louis make fellows like Rommel and Tojo seem like the pikers they were. Ty Cobb and Jackie Robinson steal bases in a baseball game, but some people steal human beings and keep them in captivity. You've got a part in a great country, sonny boy, and the groundwork for its foundation was laid back in 1776. One of its final chapters is now being written in a faraway place called Korea. This is America, son, where a man can be as big as anybody if he has the ambition, because he can think free, act free and BE FREE. You're off on the right foot by just being born in the U.S.A. All you're expected to be is a good, loyal citizen, and your old man will be proud of you.

Sincerely yours,  
YOUR DAD

### The Spirit of '76

(From the painting by A. M. Willard)

ON THIS JULY 4, INDEPENDENCE DAY, IN THIS YEAR of crisis, may "The Spirit of '76" inspire all of us to renewed devotion to the Declaration of Independence and its high principles and to a renewed determination to defend and preserve them.

## Cade's Cove Seen As Site For Camera Club Outing; Autumn Contest Subjects Announced

The annual outing, picnic and picture-taking jaunt of the Carbide Camera Club probably will be held at the Cade's Cove Park in the Great Smoky Mountains in August, although the exact date has not yet been set, it was announced last week by Janet Cisar, of the ANP Division in Y-12. She is vice president and program chairman of the club.

The program chairman reminded all members of the club, composed of photographic enthusiasts from all three Carbide plants in Oak Ridge, of the opportunities offered in the summer months for many types of photography. She urged prospective entrants in future con-

tests set for the autumn months to take advantage of the season to make pictures and plan entries.

The contests for September, October, November and December already have been planned. On September 9 the event will be for color slides on farm scenes. The annual salon meeting will be held

## Credit Union Observes Second Anniversary Officers Are Pleased With Condition, Growth

The office staff and a number of officers and committeemen of the Y-12 Employees Credit Union took time out last week for observance of the second anniversary of the formation of the credit union and review activities of the two years of operations. A luncheon in the Y-12 Cafeteria, marked by presentation to the group of a birthday cake cooked by Jamie Goodman, pastry cook, was held by the group.

President Morris Fortenberry and Treasurer and General Manager Lorena Causey both expressed deep satisfaction over the financial condition of the credit union and its growth since receiving its charter on June 19, 1950.

### Management Is Thanked

These two officers of the credit union also extended the thanks of the organization to Y-12 Management for assistance and cooperation tendered during the life of the organization.

The treasurer declared that a formal financial statement covering the first two years of operation probably will be issued during the week of July 9, showing the excellent condition of the organiza-

## C.W. McCollum Is Appointed Training Head

McCollum

Williams

C. W. McCollum, a Y-12er since July 29, 1943, has been appointed supervisor of the Training Department. He will succeed Lloyd N. Williams, who has resigned to become connected with the Chemstrand Corporation when that firm opens a new plant at Pensacola, Fla., in about six months. The Y-12 changes were effective on July 1.

McCollum is a native Tennessean, having been born in Jonesboro. After receiving his early schooling there he attended Maryville College for one year and then was enrolled at the Draughan Business College, Knoxville. Before coming to Y-12 he did office and sales work for several con-

## Safe And Sane July 4 Observance Is Urged

### Pay Day Set Thursday; Holiday Schedule Given

With some sultry days in prospect, Y-12ers are expected to point for the highways and lakes of the countryside during the coming long week-end holiday to observe Independence Day, July 4. The day will be observed as a holiday in the Y-12 and other Carbide units in Oak Ridge, the second long week-end holiday of the year.

With many Y-12ers expected to seek recreation and relaxation in motoring, swimming, fishing, boating and other holiday activities, the importance of performing all holiday matters in a safe manner is stressed. Carelessness, even in minor matters, might result in injuries that can prove painful or even fatal. On the other hand, a safe and sane observance of the July 4 holiday will result in a happy return to work next Monday.

Because of the holiday on Friday, July 4, Y-12ers who would ordinarily receive their pay checks on that day will get them a day earlier, on Thursday, July 3, at the usual time and pay points. In accordance with holiday custom, no employees will be required to work on July 4 except those whose presence at work is necessary to insure the continuous operation and protection of the plant, such as the skeleton forces that work on Saturdays and Sundays.

Particular care is urged on Y-12ers driving in the expected heavy holiday highway traffic and also those who will be swimming, boating and fishing. Observance of road courtesy and carefulness, together with assurance that the family automobile is in good condition before departure, are among the prime factors to insure safe travel.

### SAFETY SCOREBOARD

Your Plant Has Operated

66 Days

Without A Lost Time Accident†

Through June 29

OFFICERS, COMMITTEEMEN AND OFFICE PERSONNEL of the Y-12 Employees Credit Union observed the second anniversary of the organization with a birthday luncheon at the cafeteria. Cafeteria Cook Jamie Goodman presents a birthday cake to Mrs. Lorena Causey, general manager and treasurer. To her left are Norma Jean Johnson and Peggy Crews, of the office staff. In the rear, from left, are Paul Blakley, J. D. McGuffin, Fred Wilkinson, office manager; Paschal Hamrick, Ernie Cobble, W. O. Prater, Morris Fortenberry, president of the credit union; R. L. Jeffries, R. S. Phillippi and Chester Estes.

## Vacation Planning Made Easy For Y-12ers

This is vacation planning time for a lot of Y-12ers.

A lot of time can be saved by prospective travellers in mapping routes, places to see and things to do if the new planned vacation service offered through the Y-12 Recreation Office is used. Complete information on highways, airways, national and state parks, motels, hotels, resorts and recreation areas can be obtained easily and economically for any of the 48 states, the District of Columbia, Canada or Mexico.

Here's how it works: The planned vacation service is offered by Long's Vacation Tour Book, a nationally known organization. It provides the vacation information on any desired location for only \$1 and information blanks on the Long service are available at the Recreation Office, North Portal, telephone 7753. This \$1 fee is not handled by the Recreation Office, but is mailed direct to the company, which quickly returns a package containing booklets, brochures, maps and other data for the vacationer.

Any Y-12er desiring to take advantage of the service may obtain one of the information blanks at the Recreation Office by dropping in any time during working hours.

The following Y-12 employees were patients last week in the Oak Ridge Hospital: Iva H. Jones, Kenneth L. Faulkner and Emil W. Osborne, Administrative Product; Eugene S. French, Manufacturing Office; L. W. Carter, Biology; George M. Banic, Jr., Isotope Research; Barbara F. Paul, Electrical Maintenance; Alfred L. Boch, Electromagnetic Research; Earnest C. Ward and William T. Burgess, Field Maintenance.

Photo By Vince Moore

**WES SAVAGE, LEFT**, of the ANP Division in Y-12 and former president of the Oak Ridge Lions Club, hands the club bell and gavel to **H. E. Buckminster**, a former Y-12er now at K-25, who will serve the club as president for the coming year. The picture was made at the recent installation of officers of the club.

**A NUMBER OF Y-12ERS TOOK PART IN CORNERSTONE** laying ceremonies for the Oak Ridge First Methodist Church on Sunday, June 22. From left are L. A. Stephens, L. O. Gilpatrick, K. O. Johnson, Mrs. V. C. Jackson, Jesse M. Herndon, Harold Walchli, Paul Petretzky, Mrs. R. T. Cantrell, R. T. Cantrell, C. V. Ketron, Jack Fisher, R. L. Caldwell, Bishop Paul B. Kern, bishop of the Nashville and Holston and Tennessee Conferences; Rev. Frank Porter, pastor of the church; J. H. Nicholson, Joe L. Williams, C. E. Legg and Elizabeth Wilson. William Acton, a former Y-12er, headed the building committee of the church before his departure, the post now being held by Dr. C. P. Keim, of Y-12, who is not shown in the picture.

Wonder where at is zat zo and zo who zung "In Ze Cool Of Ze Evening." Nuts to ze zchnuck.

**Lucille Whitman**, of Personnel, and her husband, **Graydon**, of ANP, are visiting relatives in Hayward, Wis., and they are also spending some time in Chicago, Ill., while on two weeks of vacation. **Ralph Waddell** and his family are visiting his wife's folks in Cincinnati, Ohio, this week. **Louise Gardipee** is taking it easy over at Concord this week.

The folks in Wage Standards and Personnel wish a speedy recovery for **Trasda Joiner**. The best of luck goes to **Mae Guarneri**, who left Y-12 last week to take a job with the Personnel Department at ORNL.

Plant Records welcomes **Celia Human** to the roster. **Dorothy Conner** is vacationing with her mother, Mrs. R. A. Hemphill, and sister in Chattanooga this week. Another sister and brother-in-law, Mr. and Mrs. Jim Rives, are expected to arrive home soon—they have been in Monrovia, Liberia, West Africa, for two years.

**Alberta Kaiser**, of Manufacturing Offices, is vacationing at home in Briceville, this week. **Audrey Baldwin** is spending this week getting things fixed up at her and her husband's new farm—"Audrey's Little Acre"—over at Martel.

The Stores Department welcomes **Beverly Valliant** to their roster. **Helen Claffey** and her husband, "Chuck," are visiting his folks in up-state New York, this week—they also hope to make a trip over into Canada.

**Howard Haney**, of the Steam Plant, is spending all his vacation week at the surrounding rivers and lakes fishing. **Leander Sharp** is also trying his luck at fishing while on vacation this week.

**Velma Soard**, of the Analytical Chemical Division, with her sister and some friends, is spending a two-week vacation in Old Mexico.

Chemical extends hearty congratulations to **A. C. Lee** and his wife at the recent birth of a son.

**John Bennett**, of Research Engineering, and his family are off to Florida for a week's vacation. **Art Brewer** is spending his week of vacation at home in Knoxville.

**J. C. Thomas** is staying right close to home in our fair city trying to keep cool. **E. R. Wells** went further south to spend his week in Red Level, Ala. **Tom Swindell** is spending a two-week vacation in and around Norris. **R. B. Roseberry** and **R. E. Schabot** are on this week's vacation list. The department welcomes **Barbara Jean Mills** to the roster.

**Alice Mattingly**, of Medical, is visiting in Detroit and Ann Arbor, Mich., this week. **Dr. C. R. Sul-**

**livan, Jr.**, is taking it easy on his vacation at home in Oak Ridge this week. **Louise Worthington** and her husband are off to Daytona Beach, Fla., for two weeks of fun and relaxation in the sun.

**Virginia Slusher** and her husband, **Bob**, Plant Engineering, are visiting in Lansing, Mich., this week. **Penny Keene** and her husband, **Oliver**, of Property, spent the week end in Tuscaloosa, Ala., visiting with relatives.

**C. W. Mason**, of Research Services, is spending this week's vacation fishing around the local lakes and streams.

**Chief W. O. Elam**, of the Fire Department, was on a trip last week to New York, Delaware, and Pennsylvania.

**Nora Moss**, of Security, is vacationing at home in Oak Ridge this week.

**Daisy Renner**, of the Laundry, and her husband, **Theo**, of Transportation, are taking a week's vacation trip to Toledo, Ohio, Detroit, Mich., and to Canada. **Ann Kennedy** and her out-of-town guests spent the week end in the Smokies.

The Cafeteria extends get-well wishes to **Bertha Jenkins**, who is ill at her home in Knoxville. Sympathy is extended to **Bill Monroe**, whose sister died recently at Hopkinsville, Ky.

Ye editor of ye Bulletin has given up—for a few days anyhow. He left Monday on a vacation trip to Washington, D. C., to visit his son and daughter and their families—six grandchildren altogether to check up on.

**Dr. C. E. Normand**, of Isotope Research, and his family, are visiting with relatives in Texas while on vacation this week.

**Boodie Garrett** and her husband, **Benson**, of Product Chemical, are spending the July 4 week end in Macon, Ga. **O. M. Garrett** and **John Raleigh** are on this week's vacation list. **George Wells** is vacationing for two weeks. The department extends wishes for a speedy recovery to **George Banic**, who was a patient in the Oak Ridge Hospital last week.

**W. L. Morgan**, of the General Maintenance Offices, and his family are spending two weeks of vacation in Florida. **Gertrude Fox** is vacationing at home in Rockwood this week. **Doris Thomas** is staying close to home in Oak Ridge while on vacation this week trying to think up ways of keeping cool. The best of luck to **Wanda Sadler**, who is joining up with the Women's Navy Air Force—she will be at home in Harriman a week before reporting to Bainbridge, Md.

**Emma Lee Eldridge**, of Uranium

Only one Y-12 employee was listed as a parent of a baby born recently at the Oak Ridge Hospital. He is **Ted C. Brooks**, Buildings and Grounds, who became father of a girl.

**Control**, elected to spend this week's vacation at home in Crossville. **Flora Coefield** and **Georgia Moore**, a former Y-12er, are vacationing at the beach—Daytona that is—this week. **Verlene Pollard** is vacationing with her folks in Booneville, Miss. **Asa Tarwater** is spending this week's vacation at home in Sevierville aside from a trip to Atlanta, Ga. **Mary Jennings** went over to her home in Nashville for her week off.

The Guard Department extends hearty congratulations to **C. N. Adkins** and his wife, who are the very proud parents of a baby girl—little **Lynette Elaine** is their first child—who weighed seven pounds and five ounces on arrival at St. Mary's Hospital in Knoxville. A happy vacation to all the fellows on this week's vacation list who neglected to say where they were spending same.

**Harold Borum**, of Property Sales, spent last week's vacation doing some work on his house he's building over at Oliver Springs.

**Sue Gragg**, of Property, is vacationing with relatives at Pickett State Park, Tenn. **H. J. Esty** is spending his week of vacation at home in Oak Ridge. **Roscoe Angel** is on vacation at home in Oakdale this week.

**Tom Andress**, of Plant Engineering, and his family are visiting in Northern Michigan for two weeks.

**Phil Breman** and his family are visiting Washington, D. C., Pittsburgh, Pa., and possibly New York while on vacation. **Nell Cromer** and her family are vacationing this week in St. Louis, Mo.

**John Moynihan** is visiting his family in Maine, this week. **W. G. Poteet** is spending his two weeks in Ohio. **W. H. Rice** is staying right around home in Powell on his vacation week.

**Gus Angele** and his family are spending part of their two-week vacation in Baltimore, Md., but most of the time they plan to be at Myrtle Beach, S. C. **Frank Fuis** and his family are in Missouri on a two-week vacation.

**Earl Crow** and his family are at Daytona Beach this week. **Floyd Downs** and his family are down in Atlanta, Ga., for a week's vacation. **J. L. Noey** and his wife are vacationing at Lake Placid, N. Y.

**Ed Struxness**, of Health Physics, and his family have returned from a week's vacation at his wife's relatives in Missouri.

**Mildred Swan**, of the Materials Chemistry Division, her husband and two sons are spending a week of her two week's vacation on a trip to New York to visit Niagara Falls; and the last week they plan to spend at home in Oak Ridge.

**W. L. Lowry** has returned from a week's vacation in Chattanooga. **D. J. Crouse** is spending this week's vacation in Pittsburgh, Pa. **Charlie Blake** is spending two weeks of vacation in New York and Connecticut. **Janet Debnam** is vacationing in Wake Forest, N. C.

While **George W. Dobbs**, editor of The Bulletin, is spending the aforementioned vacation, **Marc V. Sims**, editor of The Carbide Courier at K-25 and former assistant editor here, will pinch hit and see that the paper doesn't miss an edition.

Are you looking forward to pleasant vacation driving? Then be prepared to prevent accidents that turn pleasure into pain, trouble and tragedy. Keep a close check on condition of brakes, lights, windshield wiper, tires and other safety features of the automobile. Safety checks prevent wrecks.

Mrs. J. M. Turley

## Contracts

### TURLEY - DIACOMICHALIS

**Junious Marion (Jim) Turley**, of the Y-12 Chemical Department, was married to Miss **Helen Diacomichalis** on Sunday, June 8, in the St. George's Orthodox Church, Charleston, W. Va. The double-ring candlelight service was performed by the Rev. Raphael Huson, of Charleston.

Turley is the son of Mr. and Mrs. Roy Turley, Riverview, W. Va., and the bride is the daughter of Mr. and Mrs. George J. Diacomichalis, Whitesville, W. Va.

The bride was given in marriage by her uncle, Nick Giannares, Steubenville, Ohio. Nuptial music was provided by Miss Faye Sevy, organist; and Mrs. W. W. Armstrong, vocalist; both of Whitesville. Selections included "Oh, Promise Me," "Because," and "Through the Years."

The bride's gown of white satin and Chantilly lace was styled with a fitted lace and satin bodice and had a natural scalloped V-neckline of lace with a marquisette yoke. Tiers of scalloped lace over net and satin cascaded to create a long pointed train. Her four-tiered fingertip illusion veil was held in place by a cap of lace adorned with satin orange blossoms centered with seed pearls. She wore a single strand of pearls. Her bouquet was of gardenias and stephotis centered with a white orchid.

Miss **Irene Diacomichalis** was maid of honor for her sister. The bridesmaids were Miss **Jewel Turley**, sister of the groom; Mrs. **Clifford Hudson**, Mrs. **Joseph Dominion**, Misses **Evelyn Pappas**, **Helen Giannaras** and **Georgia Arvon**. Flower girl was **Dena Diacomichalis**, sister of the bride.

**Harry Turley**, brother of the groom, was best man. Ushers were **William Allen**, **C. W. Hoffman**, **Rufus D. Kannon**, **Gerald Cornell**, **Nick Komons** and **James Mahremas**, of Pittsburgh, Pa., cousin of the bride. The ring bearer was **C. W. Hendricks**.

Following the ceremony the couple took a Florida honeymoon trip before coming to Oak Ridge to live.

Mrs. Turley graduated from **Sherman High School**, **Seth, W. Va.**, in 1947, and for the past six years has held a secretarial position with a Whitesville law firm. Her husband also graduated from **Sherman High School** and attended **Virginia Institute of Technology** and **Marshall College**. He received a B.S. degree in engineering from **Oklahoma A. & M. College**, **Stillwater, Okla.** He served in the Navy for three and one-half years during World War II.

Rastus was bemoaning his wife's laziness.

"She's so lazy," he said, "dat she put popcorn in de pancakes so dey'd flop over by themselves."

It's smart not to be careless.

**A NOTABLE MILESTONE IN** miles of fish pictures submitted to The Bulletin is the snap of Walter Sherrod, general Administrative, and the eight-foot, 11-pound sail fish landed by the Y-12er off Riviera Beach, Fla. near West Palm Beach.

## Y-12 Wins Another In Recreation Loop; Meet Elks July 10

The Y-12 Peckerwoods—or Woodpeckers, take your choice says Manager Avery Kendig—took undisputed possession of first place in the Oak Ridge Recreation Softball League last Thursday night when they walloped the First Baptist aggregation by 8 to 2. The Class B loop will wind up its first half of the season next Thursday, July 10, against the Elks in the 7:30 o'clock game of three on the program. The antlered herd now is in a tie for second place with the Baptists and must be overcome by the Y-12ers if the first half championship is to light in our backyard.

Ed Sise held the Baptists to three hits in twirling the Y-12ers to victory last week. The Peckerwoods—or Woodpeckers—banged out 10 safeties with Sise contributing a double.

Score by innings follow:

| Team          | R   | H   | E        |
|---------------|-----|-----|----------|
| Y-12          | 151 | 001 | 0—8 10 1 |
| First Baptist | 000 | 200 | 0—2 3 2  |

Sise and Barker, Stout and Altfenberger.

## Orioles Top K-25, End First Half Slate With ORINS Team

The Y-12 Orioles, the slow pitch softball team of Manager Elmore Koons, will wind up its first half of the City Slow Pitch Softball League at 8 o'clock tonight, Wednesday, July 2, at Middletown Park. Foes of the Orioles will be the Oak Ridge Institute of Nuclear Studies.

The Y-12ers whipped K-25 by 13 to 5 last week and remained in a tie with the Hospital for second place with five wins and one loss each. The Atomic Energy Commission bloop team is on top with six wins and no losses and the AEC lads are slated to meet the Hospital team in the opening clash tonight. A victory for the Hospital and Y-12 could throw the standings into a three-way tie.

Long and hard hitting by the Y-12ers brought the victory over K-25. Wright banged out a homer and Sikes, Anderson, Smith and Wright had triples. Smith and Jay Holzknicht each had three for four.

Score by innings:

| Team         | R   | H   | E       |
|--------------|-----|-----|---------|
| Y-12 Orioles | 002 | 124 | 4—13 17 |
| K-25         | 002 | 010 | 2—5 10  |

Anderson and Holzknicht, Rowley and Garrigan.

## Fat Boys Capture Golf Loop Crown

The Fat Boys won the first half of the season in the Y-12 Plant Golf League last week by taking two points from the Hooks. The victors had a record of 18 points won and only two lost. The Turf

# Bums Bump 49ers, Sparks To Take Over First Place In Carbide; Guards Hand Engineers First Loss In Carbon League

## Short Circuits Take First Win Of Season

Although suffering their first loss of the season, the Engineers held first place in the Carbon League in games through last Friday. The Guards hung the defeat on the loop leaders by the score of 13 to 4.

### O'Neal Hurts Win

Despite this win, the Guards had trouble holding on to second place, as the rejuvenated Short Circuits took their first game of the season from the boys in blue by 9 to 7. Palo O'Neal, Oak Ridge High School star athlete, hurled the win for the Short Circuits, who are expected to sparkle from now on out.

The Rusty Nine threatened the Guards with their second win of the week last Friday over the All Thumbs by 7 to 3. The Engineers kept their league lead by trouncing the Grocers to the tune of 19 to 13 in a slugfest.

### Darby Wins For Guards

"Red" Darby, a veteran of the Y-12 softball wars for years, crumpled the Engineers in the triumph for the Guards that ruined the losers' spotless record. The Guards romped to a 13 to 4 victory as Darby hurled a three-hitter. Crow was the only Engineer to provide any trouble, as he bagged a triple and single. Shoemaker rapped a homer and two singles. The Rusty Nine coasted to a 15 to 7 win over the Grocers although outhit. Schaefer, of the losers, went three for three with two singles and a home run. The All Thumbs defeated the Short Circuits by 10 to 5 with each team getting five hits but errors and bases on balls were costly to the losers.

Line scores and standings through last Friday follow:

| Team      | R   | H   | E         |
|-----------|-----|-----|-----------|
| Guards    | 233 | 011 | 3—13 10 1 |
| Engineers | 220 | 000 | 0—4 3 4   |

Darby and Honeycutt, Koons and Morris.

| Team       | R   | H   | E       |
|------------|-----|-----|---------|
| Grocers    | 220 | 102 | 7 10 12 |
| Rusty Nine | 351 | 06x | 15 9 2  |

Doss and Salmon, Burnett and True.

| Team           | R   | H   | E      |
|----------------|-----|-----|--------|
| Short Circuits | 012 | 011 | 5 5 4  |
| All Thumbs     | 500 | 05x | 10 5 3 |

Whitehead and Braatz, Schaap and Truitt.

| Team           | R   | H   | E      |
|----------------|-----|-----|--------|
| Guards         | 100 | 321 | 7 8 2  |
| Short Circuits | 400 | 41x | 9 10 2 |

Wilson and Moore, O'Neal and Crosby.

| Team       | R   | H   | E       |
|------------|-----|-----|---------|
| Rusty Nine | 140 | 100 | 0—7 7 2 |
| All Thumbs | 002 | 100 | 0—3 5 2 |

Burnett and Lawson, Higgins and Haggard.

| Team      | R   | H   | E       |
|-----------|-----|-----|---------|
| Engineers | 613 | 180 | 19 15 3 |
| Grocers   | 040 | 261 | 13 15 8 |

McAllister and Morris, Doss and Salmon.

### STANDINGS THROUGH JUNE 27

| Team           | W | L |
|----------------|---|---|
| Engineers      | 8 | 1 |
| Guards         | 6 | 4 |
| Rusty Nine     | 5 | 4 |
| Grocers        | 4 | 5 |
| All Thumbs     | 3 | 6 |
| Short Circuits | 1 | 7 |

## Ransohoff Upsets Smith For Title

Jack Ransohoff, crack Y-12 racket wielder and seeded No. 2 in the Oak Ridge Mid-Season tennis tournament, upset his teammate and No. 1 man in the meet, Nate Smith, to take the city title last Saturday. The scores were 6-3, 6-2. In doubles Nate Smith and Fred Hurst, of Y-12, lost to Don Smith and Ray Towns, 6-4, 4-6, 6-4. Don Smith is a Y-12er who teamed up with Towns of ORNL, for the tournament.

Riders won from the Eagles and finished second with a 16 and six mark. Trailing in order were the Shankers, Rippers, Eagles, Rough Riders, Grand Slammers, Rebels, Four 100s, Bldg. 9212 and the Four Woods.

The plant golfers will take the week off and resume play in the second half of the season on Monday, July 7.

## Y-12 SPORTS NEWS

**THE KINGS ARE DEAD—LONG LIVE THE KINGS, FOR** future Y-12ers fishing off Daytona Beach after the group above, containing several folks from the plant, landed the fine mess of 35 king mackerel recently at the popular Florida resort. From left, are Glenn Baker, Esther Preslar, former Y-12er; Joe Preslar, her husband and a Y-12er; Jean Hurst, wife of Fred Hurst, of Y-12; Hurst, Edith Harrill, wife of C. E. Harrill; Harrill, former Y-12er now with Oak Ridge National Laboratory; and Capt. Jake Stone, captain of the boat from which the party made its catch. Hurst bagged the biggest fish—a 35 pounder.

## Varsity Softies Defeated Twice In League Contests

### Parkmor Upsets Robins, Birds Battered By ORNL; Y-12ers Rally To Beat Harriman Twice Saturday

The Y-12 varsity softball teams had a rude upset handed them last Friday night by dropping a twin bill at Middletown. The Robins were toppled by Parkmor 10 to 9 and the Red Birds got clipped by Oak Ridge National Laboratory 8 to 1. The loss was the second of the season for the Y-12 lassies, and it was matched by the upset of the Cas Walker girls who fell to Corryton the same night by 7 to 6.

The results left Y-12, Cas Walker, Parkmor and Corryton tied for first place in the women's division of the Knox-Ridge League with two wins and one loss each. The Robins and Walkers tied for first place in the first half of the season.

### Sad, Sad Story

The Robins were coasting along in fine style over Parkmor until the fifth inning when five Y-12 errors assisted the visitors in scoring five runs. Three more followed in the sixth and two in the seventh to bring the win. In the men's game, the Red Birds' old nemesis, King Kong Keller waved his magic wand over the Y-12 hitters, allowing only three bingles.

The Y-12ers came back strong in a double header at Harriman Saturday night, taking two white-wash victories. The Robins won by 13 to 0 with Ella Mae Koontz hurling no-hit ball. The Red Birds grabbed a 2 to 0 victory after Perry pitched a one-hitter.

Ella Mae Koontz turned in another fine pitching performance in an early game last week as the Robins romped over Gus Green's Lonsdale lassies by 14 to 0. She set the Knoxville team down in order in every inning, the only visitor to get a hit and reaching first base was out stealing. The game was limited to five innings by agreement. Presley and Brown topped the Y-12 hitters with three hits each, the former bagging a homer. Loy also slammed a four-sacker and single. Bonnie Roberts had a double and triple. Cowan also had two bingles.

The Red Birds easily trimmed Clinton in an exhibition tilt with Perry and Loy pitching and battling the Birds to victory by the score of 9 to 2. Bobby Loy had

four for four, including two triples and two singles. Perry had a pair of doubles.

## Varsity Golfers Beat Rohm-Haas

The Y-12 varsity golf team walloped Rohm and Haas in a Smoky Mountain Golf League match Sunday by the score of 20 to 4. The Y-12ers were topped by Meece with a 72. Other scores for the winners were Dorr 74, Bauman 75, Hines and Reynolds 79, Cater 80, Birchfield 81 and Harrell 85.

### Plant Loops Schedule

**SCHEDULE THROUGH JULY 9**  
**Wednesday, July 2**—5:45, Hobslurps vs Sparks. 7:15, 49ers vs Bldg. 9212. 8:45, Duds vs UCJV.  
**Thursday, July 3**—5:45, Grocers vs All Thumbs. 7:15, Rusty Nine vs Guards. 8:45, Short Circuits vs Engineers.  
**Monday, July 7**—5:45, Sparks vs Bldg. 9212. 7:15, Peons vs 49ers. 8:45, Bums vs Duds.  
**Tuesday, July 8**—5:45, Short Circuits vs Guards. 7:15, Engineers vs Grocers. 8:45, UCJV vs Hobslurps.  
**Wednesday, July 9**—5:45, All Thumbs vs Rusty Nine. 7:15, Bldg. 9212 vs Peons. 8:45, 49ers vs Sparks.

## Larger Circuit Race Proving Tight Fight

Dem Bums swept past a pair of opponents in the Carbide League last week to take top spot in the circuit away from the 49ers. The race in this loop developed into one of those typical tight knock 'em down drag 'em out battles that have marked Y-12 plant leagues play in past years.

The Bums hold their lofty perch by the narrowest of margins over the 49ers and the Uranium Control Junior Varsity is breathing down the backs of both. Just a hop behind are the Duds and Peons with Bldg. 9212 still not out of the race.

### Bums Win Decisively

The Bums slaughtered the Sparks by 21 to 2 in their first game last week and then piled into first place with a surging late-game rally that downed the 49ers by 7 to 3. In that game the losers did the slugging with Carter banging out a homer, Hickey a triple and Wylie a double, but the consistent play of the Bums was not to be denied.

The UCJV outfit took a licking at the hands of the Peons by 6 to 5. The winners took an early lead that held up until the last inning when the Uraniumites tied it up. The Peons then got back the tally in the last inning for the win. The UCJVs broke even for the week with a forfeit over the Sparks. The Peons made it two straight for the week with a 7 to 6 win over the Duds, coming from behind with four runs for the triumph.

### Biery Hurls One-Hitter

Bldg. 9212 again broke even for the week, bowing to the Duds by 11 to 10 in a thriller with Wright banging out two homers for the losers, after they had crushed the Hobslurps by 15 to 0 as Biery hurled a one-hitter. The Hobslurps were forced to forfeit to the 49ers when unable to field a team because of special work assignments.

Line scores of games last week and the league standing through last Friday follows:

| Team   | R   | H   | E       |
|--------|-----|-----|---------|
| Sparks | 000 | 002 | 0—2 3 6 |
| Bums   | 054 | 111 | 21 11 0 |

Baker and Everett, Walton, DeLozier and Wells.

| Team  | R   | H   | E       |
|-------|-----|-----|---------|
| UCJV  | 020 | 002 | 1—5 6 1 |
| Peons | 050 | 000 | 1—6 9 3 |

Hopper and Hopkins, Ross and McHarge.

| Team       | R   | H   | E      |
|------------|-----|-----|--------|
| Duds       | 140 | 411 | 11 5 6 |
| Bldg. 9212 | 123 | 220 | 10 6 5 |

Law and Carlton, Biery and Barker.

| Team       | R   | H   | E       |
|------------|-----|-----|---------|
| Hobslurps  | 000 | 000 | 0 1 4   |
| Bldg. 9212 | 230 | 10x | 15 11 1 |

Kasten and Sangren, Biery and Shotts.

| Team  | R   | H   | E     |
|-------|-----|-----|-------|
| Peons | 012 | 004 | 7 5 4 |
| Duds  | 402 | 000 | 6 5 2 |

Wollan and McHarge, Fowler, Law and Carlton.

| Team  | R   | H   | E       |
|-------|-----|-----|---------|
| Bums  | 000 | 002 | 5—7 4 2 |
| 49ers | 110 | 100 | 0—3 3 4 |

Sise and Jones, Walton and Shugart.

### STANDINGS THROUGH JUNE 27

| Team       | W | L |
|------------|---|---|
| Bums       | 7 | 2 |
| 49ers      | 5 | 2 |
| UCJV       | 7 | 3 |
| Duds       | 5 | 4 |

| Bldg. 9212 | 4 | 4 |
| Hobslurps  | 2 | 7 |
| Sparks     | 0 | 9 |

## K-25 Pistoleers Outshoot Y-12ers

Pistoleers of K-25 trounced the Y-12 team last week by the good margin of 1447 to 1426.387. The Y-12ers will meet the Oak Ridge Police team in its next match on Thursday, July 10, and Capt. Harry Hoy has urged any Y-12er desiring to try out for the team to report at the Oak Ridge Sportsmen's Association range on that date.

Y-12 scratch and handicap scorers in the K-25 match were R. N. Haubenreich 223—238.489; M. E. LaVerne 262—284.511; J. D. Kingston 265—286.501; J. K. Bair 277—284.142; and H. C. Hoy 216—282.746.

These snapshots were provided The Bulletin through courtesy of department members who took them at the shindig.**

## Credit Union Observes Second Anniversary

Continued from Page 1  
tion and its growth during the past year.

At present the credit union has 2,004 members as against 1,483 one year ago. At that time the organization had loaned \$336,900.61 and had sold \$387,620.14 in shares.

### Y-12ers Urged To Join

Credit Union officers have repeated their invitation to more Y-12ers to join the organization through purchase of shares at \$5 each. Last January the body voted a dividend of 4.2 per cent on investments in the organization and just last week it was announced that the investment limit for shares had been raised to \$2,000 for individual members and \$4,000 for family groups. The prior limit had been \$1,000 and \$2,000 respectively.

The officers also pointed out the ease of negotiating and the low interest cost of loans from the credit union. Credit Union loans only bear an interest rate of one per cent per month on unpaid balances, the lowest cost form of financing for automobiles, household goods and other purposes.

### Credit Committee Meets Tuesdays

Treasurer and General Manager Mrs. Causey pointed out that the credit committee of the organization meets at 1 o'clock every Tuesday afternoon to pass on loan applications filed during the preceding week, the deadline for any week being noon on Tuesdays. Of course, it is pointed out, this is for routine loans, with such borrowers receiving their checks on Fridays. Emergency loans are handled as soon as possible.

The credit committee is composed of Ernie Cobble, chairman; Paschal Hamrick, R. L. Jeffries, Paul Blakely and R. S. Phillippi.

The credit union office is in Room 102, second floor, Bldg. 9704-2. Office hours are from 8:15 a. m. to noon on Mondays, Tuesdays and Thursdays, and from 8:15 a. m. to 4:30 p. m. on Fridays. The office is closed all day Wednesdays to allow the staff to catch up on paper work.

### Don Phillips First President

The Y-12 Employees Credit Union held its organizational meeting on June 19, 1950, after several weeks of preparation by Y-12ers interested in forming an organization for safe and remunerative investments and also to lend money to employees at a low rate of interest and repayable in easy installments. Don Phillips was elected first president of the group and was reelected at the first annual meeting on January 26, 1951. Phillips resigned in July, 1951 and was replaced by Joe L. Williams, who in turn resigned on November 7, 1951. Fortenberry then became president and was reelected at the annual meeting on January 17, 1952, when the 4.2 per cent dividend was voted by the membership.

Safer car—safer you are.

## Carbide Planning Construction Of Another Big Chemical Plant On Gulf Coast Of Texas

Construction on a new multi-million dollar plant for the manufacture of synthetic organic chemicals and plastic resins, about eight miles northwest of Seadrift (Calhoun County, Tex.), has been announced by Dr. J. G. Davidson, President of Carbide and Carbon Chemicals Company, a Division of Union Carbide and Carbon Corporation. A certificate of necessity for this plant has just been granted in Washington by the Defense Production Administration.

Brown and Root, Inc., of Houston, Tex., will perform the design and construction of the new plant. Field work is scheduled to begin early this fall and approximately 4,000 construction workers will be required to complete the plant. Dr. Davidson said approximately 750 people will be employed at the plant when it is in full operation. Most of the operating force will be employed from the surrounding area.

### Dr. Blair Named Superintendent

Dr. C. M. Blair has been named Superintendent of the new plant at Seadrift, it is announced by R. N. Graham, Vice-President of Carbide and Carbon Chemicals Company.

Dr. Blair is a native Texan and attended University of Texas, where he received his Ph.D. degree in organic chemistry in 1933. His initial work with Carbide began in the research laboratory at South Charleston, W. Va., in 1934. When Carbide began operation at the Texas City plant in 1941, he moved there as Assistant Superintendent in charge of chemical manufacturing and the technical development laboratory.

For the time being, he will remain in Texas City and will move to Seadrift later.

Graham also announced that R. P. Barry, Jr., has been appointed Assistant Superintendent at Seadrift. Barry has been in the Superintendent's Department of Carbide's South Charleston plant as an area supervisor of chemical production. He came to Carbide in 1936 upon graduation from Vanderbilt University with an M. S. degree in chemical engineering.

### Plant Part Of Expansion

The new plant will produce a variety of synthetic organic chemicals and plastic resins, according to Dr. Davidson. Primary among these is ethylene oxide, one of the major chemical "building blocks" and raw material for many vital chemical products for defense. Polyethylene resins made by the direct polymerization of ethylene at high pressure will be the end product. This plant is part of a major expansion in the production of plastic resins for defense being undertaken by Union Carbide and Carbon Corporation through its Chemicals and Plastics Division.

The new Seadrift plant is about 25 miles southeast of Victoria and will be the Company's second large plant on the Gulf Coast of Texas. The other is Carbide's huge chemical plant at Texas City.

He—"It will perfectly simple for us to marry, dear, my father is a minister."

She—"Okay, let's give it a try—mine's a lawyer."

| 2143            | 12.3   | 15         | 12      |          |

Group absentee percentage was 2.2 per cent, .6 per cent higher than the preceding week.

The plant average for the week ending June 22 was 2.5 per cent, .3 per cent lower than the preceding week.

## N. K. Bernander Appointed As Plant Shift Supervisor

N. K. Bernander, of the Electromagnetic Research Division, has been transferred back to the Y-12 staff and appointed Plant Shift Supervisor, effective July 1. He replaces Leo F. Hemphill, who is relieved of his responsibilities of Plant Shift Supervisor, which he has held for several months in an acting capacity. He will return to full time duty in the Research Engineering Department.

Other Plant Shift Supervisors, in addition to Bernander, are E. G. Richardson, D. G. Hill, H. F. Benninghoff, and D. F. Bender.

"At her request you quit drinking?"

"Right."

"And quit poker for the same reason?"

"Right again!"

"Also quit smoking?"

"Yep."

"Then how come you didn't marry her?"

"I finally decided that with all my reforming I could do better."

No job is too big for a good man.

Y-12 Photos By Vince Moore

### Y-12ERS SAID "HAIL (AND FAREWELL) TO THE CHIEF"

last Thursday night at a dinner honoring H. O. Ramey, retiring Superintendent of Industrial Relations. At top the honor guest receives a set of luggage from Paschal Hamrick, Personnel, as head table guests beam approvingly. From left are Ken Fowler, Industrial Relations Superintendent at Oak Ridge National Laboratory; T. E. Lane, General Industrial Relations Superintendent for Carbide in Oak Ridge; Logan B. Emler, Y-12 Plant Superintendent; R. T. Cantrell, of Y-12 Personnel, toastmaster; George W. Flack, who succeeded Ramey on July 1; and Dr. C. P. Keim, Isotope Research and Production. The bottom picture shows most of the approximately 200 guests at the dinner in the Starlight Room of the Oak Terrace.

### THE BULLETIN REGRETS ERROR IN NAMES

An unfortunate error in transcribing notes resulted in a mix-up in names in descriptive material under a picture of a social function in last week's edition of The Bulletin. It was erroneously stated that Mrs. Jane Hensley was guest of honor at a shower. The name should have been Mrs. Jane McGlothlan, the former Jane Hensley, of the Administrative Product Department. Her husband is Clarence McGlothlan, of the General Maintenance Office. They were married May 24. The Bulletin regrets the mistake.

## C.W. McCollum Is Appointed Training Head

Continued from Page 1

cerns in Johnson City and Knoxville. The new Training Department head is married and lives in Knoxville.

Williams came to Y-12 in January, 1944, after attending the University of Tennessee. In 1947 he left to join the Eastman Kodak Co. in Rochester, N. Y., remaining there for about a year before returning to Oak Ridge to become head of the Training and Procedures Department of Oak Ridge National Laboratory. In February, 1951, he was transferred back to head the Y-12 Training Department when Roy James was transferred from here to the new Carbide plant at Paducah, Ky.

Williams has been active in Oak Ridge civic affairs, having been chairman of the publicity department for the Oak Ridge Chapter of the American Red Cross and on the speakers' committee of the Community Chest in addition to Boy Scout and church work.

## Rides Wanted And Offered

**Ride Wanted Or Want To Participate In Car Pool**—From Lake City, two shifts, 7 a. m. to 3 p. m. and 3 p. m. to 11 p. m. Tom Chambers, home telephone 3148, Lake City.

**Ride Wanted**—From East Wells Ave., Knoxville, straight days. James Baker, plant telephone 7230.

**Ride Wanted**—From Rifle Range Road, Fountain City, straight day. E. S. Ledford, plant telephone 7556, home telephone 6-5482.

## Cade's Cove Probable Site Of Outing

Continued from Page 1

October 14 with contests in both black and white prints and color slides. Subject for the black and white prints will be portraiture, scenery, architecture, still life and table tops. In color slides subjects will be flowers, scenery, children and animals. The next month's meeting will be on November 11 with black and white prints on water scenes being placed in competition. On December 9 color slides on architecture will be shown and the club's year will be wound up on January 13 with black and white prints on interiors.

In addition to the contests, attractive and interesting programs for members will be arranged with qualified speakers being sought on various topics.

"Mose, do you drink coffee?"

"Yassuh, 'bout fo'ty cups a day."

"Doesn't it keep you awake?"

"Well, suh, it sure do he'p some."
